Training vs Scouter Development

Message from National L&D Network. "Training" or "Scouter Development"
There is an expectation on our part to reinforce the current Scouts Canada direction to use Scouter Development as the preferred terminology. To that extent, we should endeavour to lead by example and use "Scouter Development" or "Workshop" in the future. Training defines the third party organizations who certifies your professional skills and knowledge to serve in Scouting. For Example: St. John Ambulance, Canadian Red Cross, Life Saving Society ... etc.

Training Record Update

regarding the new B.P.&P released on March 9.

<http://www.scouts.ca/policies/> Some of the new policy will effective September 1, 2019. Especially the First Aid Standard and Swimming Standard. It is our responsibility to remind the Scouters to keep their training record up-to-date. I would like to ask for all DAC-L&D to help spread out the information to your Area & Groups. If there are any Scouters who completed the First Aid/ Swimming training. Please have them take a picture of the certificate e-mail to DAC-L&D and forward to me update their record on MyScouts.ca.
