Registration Info (cont.)

Registration for 2022 will be the only option shown to registrants; myscouts will “know” if we can offer the fall session.

For example:

There are 6 Beavers already registered in Stegosaurus Colony. There is room to take a total of 24 this fall; the group plans to take 24 for January 2022-December 2022.

So, myscouts would allow the first 18 registrants to join for the fall session.

Scouts is Needed Now more than Ever

SCOUTS IS NEEDED NOW More Than Ever

Why Scouting Why Now?

- Recognise there is still some vaccine hesitancy as well as school return and gathering anxiety- especially for unvaccinated kids under the age of 12
- Scouting has operated throughout the pandemic – safely – with no outbreaks recorded
- Simone Biles and other Olympians have again brought to light the importance of mental as well as physical health. Mental health concerns and case numbers have risen – kids need to play, to get outside, to experience nature, friends and to return to normal
- We have proven we can do it well and safely – kids having fun doing what they want to do

Getting Back to School (& Scouting)

Key takeaways from Ontario's back-to-school plan:

- Staff and teachers will not be required to take COVID-19 vaccines.
- Students from Grade 1 to 12 are required to wear masks indoors (with exceptions such as low-contact physical activity and during eating).
- Staff and students must screen themselves every day using the tool provided by the province.
- Anyone experiencing symptoms per the provincial screening tool should not attend school.
- School boards are expected to have all ventilation systems inspected and in good condition before the start of school year.

Amendment to Registration Notes

From the FAQ:

Will current members have a chance to secure their spots?

As in years past, current registered members will have a two-week window to secure their spot with their Group. After which, on September 15, 2021, registration will be open for new and lapsed members. Everyone can register for 2022 when it is convenient for them - all the way into January 2022 and beyond.

Slido Q and A

Q: Covid screening for each participant and volunteer for every meeting. Is this the requirement?

It Starts with Scouts.

Slido Q and A

A: “Scouts Canada has modified a set of questions that are used in provincial guidance for Scouters to use and developed a standard screening checklist that will be made available. No temperature checks or physical checks are required. No paper copy or digital record of the participant self-assessment is required. A question is included in the attendance checklist to confirm this has been completed. Only a confirmation checkmark on the attendance record is required for the Scouter in Charge’s records”

Slido Q and A

Q: Please confirm refund policy allows for refunds until January 2022

A: Scouts Canada will be offering the same refund policy as last year with regards to early registration (before Jan 1, 2022). Parents who register their children in Scouting this fall for the 2022 Scouting Year will have until January 30th to request a refund. The information below will be added to the JOIN and FAQ sections of Scouts.ca
